

SILA NUR GÜNEY

Çankaya/Ankara • 05413359306 • silanur412@gmail.com

SUMMARY

As a fourth-year Industrial Engineering student, I am particularly interested in data and business analysis. During my internship at Turkish Aerospace Industries, I developed VBA tools to automate data processing and improve reporting efficiency. My academic background and technical skills in Excel, Python, and Arena support my analytical thinking and problem-solving abilities. I aim to contribute to IBTECH's analytical projects while developing my skills in data-driven decision-making.

EXPERIENCE

Turkish Aerospace Industries - Project Managament Intern Augst-September 2025

Interned in the Project Management Department at TUSAŞ, where I developed and implemented VBA coding solutions to support data processing and reporting, while contributing to team efficiency through technical problem-solving.

Hacettepe University Environment Community 2024-2025

I served as a board member in this community for one year, actively organizing environmental events. I contributed to the planning and execution of sustainability-focused projects, such as the Green Wall event. This experience enhanced my teamwork, organizational skills, and sense of responsibility while promoting environmental awareness.

Hacettepe University Orion Rocket Team - Intern 2022-2023

I took an active role in the corporate unit of the Orion Rocket Team. Here, I organized technical trips, helped sponsor meetings to provide the necessary budget for the rocket, and checked whether our team members were fulfilling their duties.,

LÖSEV - Volunteer 2021 - 2022

LÖSEV is a foundation that helps children with cancer. Here, volunteered to fill boxes to send to children with cancer.

EDUCATION

Hacettepe Universtiy September 2021 - July 2026

Industrial Engineering - 3.29

Universidad de Malaga Feburary - July 2025

ADDITIONAL INFORMATION

- **Technical Skills:** Microsoft Excel, AutoCad, CES Selector, Arena, Python
- **Languages:** English (B2), Spanish (A1), Turkish (native)
- **Certifications:** Artificial Intelligence and Entrepreneurship (2024), Expertise and Vision Development in Technology (2024), Microsoft Excel (2021)
- **Activities:** Yoga and pilates
